

Midlands Roadshow 2016

18 November 2016 | Wroxall Abbey

Event Details

This exciting event will be held at Wroxall Abbey only 12 miles from the NEC. This event will help both local authority and private operators fully understand the benefits of the very latest vehicles and technologies.

There will be seminars and masterclasses covering topics such as reducing costs, vehicle and driver compliance and increasing operational efficiency. Run in conjunction is an exhibition of best in class waste sector suppliers, vehicle demonstrations and arrive and drive test sessions.

 Reduce your costs

 Maximise your resources

 Reduce your carbon footprint

 Protect your workforce

OWL Midlands Roadshow 2016

18 November 2016 | Wroxall Abbey

CIWM

Supported Event 2016

Helping to inspire excellence in resource management since 1898

Who Should Attend?

Anyone responsible for procuring or operating heavy goods vehicles including Procurement, Fleet and Operational Professions.

Why Attend?

Learn about the latest vehicles and technologies along with proposed future legislation. Meet best in class industry suppliers and test the very latest vehicles and safety systems.

Optimised Waste Logistics (OWL)

is a partnership initiative developed to provide fully integrated solutions for the waste industry. As individual organisations, OWL partners already supply stand-alone products and services to the industry, but together they provide a unique waste collection and management solution, bringing together the expertise from each organisation, resulting in a totally integrated waste management solution.

Speakers

Chaired by Chris Murphy – Deputy Chief Executive CIWM

Barry Sheerman – MP & Chairman of OWL & PACTS

Richard Cuerden – Chief Scientist DfT TRL

Geoff Rigg – After Sales Director Dennis Eagle

Ian Bourton – Fleet & Business Services Manager
Oxford City Council
